HIKVISION®

What Is Hikvision Views?

Hikvision Views is a useful tool for product selection. Cameras, recorders, and hardware can be looked up by part number or by product family.

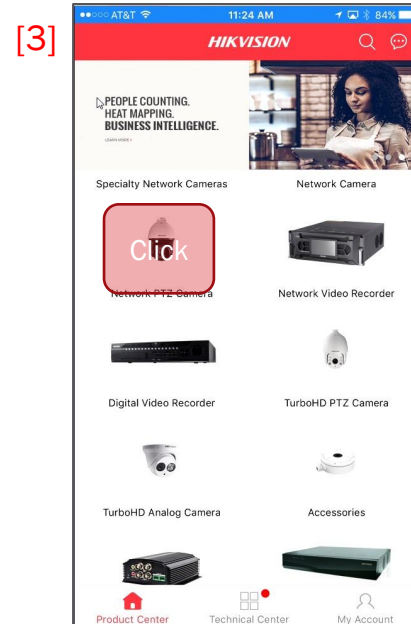

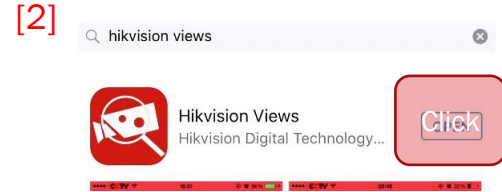

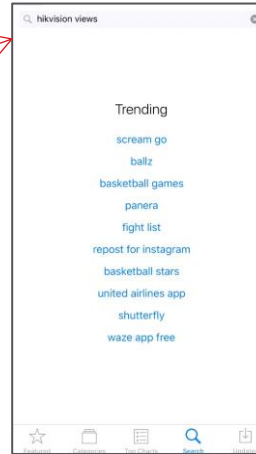

In the **Product Center**, product pictures and specifications can be viewed and compared. Contrasting features can be seen side-by-side to make selection easy.

In the **Technical Center**, articles of interest to Hikvision technicians are posted and brief questions are answered in the **FAQ**.

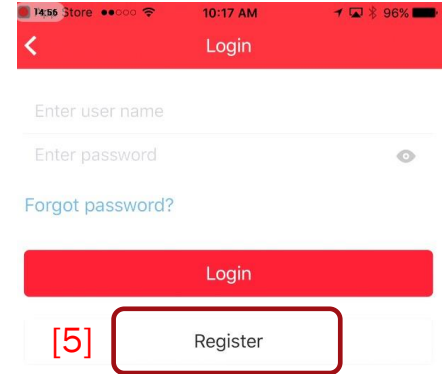

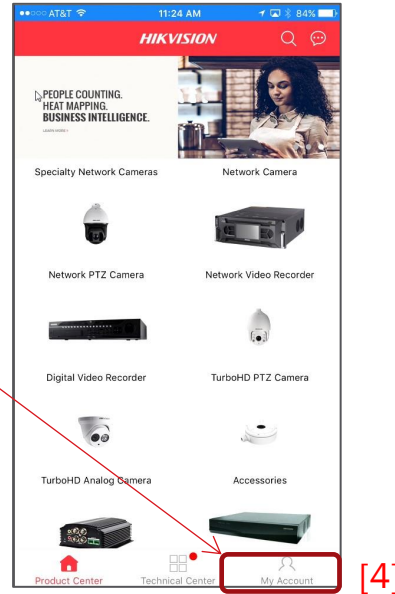

How To Download Hikvision Views

1. Go to the Apple Store, search for the **Hikvision Views** app, and download it.
2. When the download is complete, click on **Open** to view the **Product Center** page.
3. The app opens to the **Product Center** page that displays product family icons. Click on a product type and you will be taken to a list of products in that family..

Registering Hikvision Views

- 4. To register Hikvision Views (HV) click on the My Account icon.
- 5. At the Login screen pick Register.

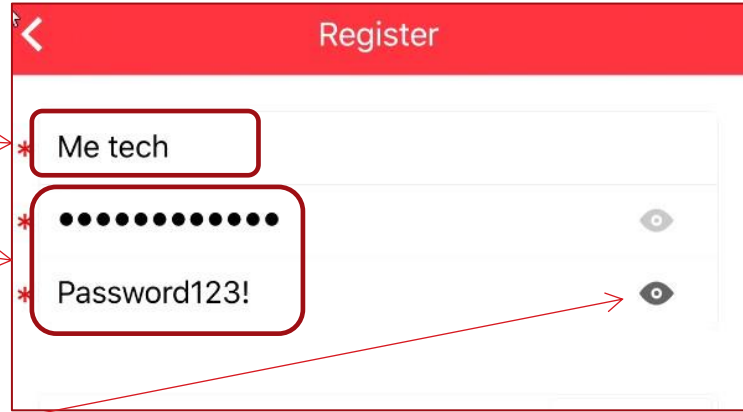

Registering Hikvision Views

6. The **Register** screen allows you to select a **Login Name** and **Password**

7. If you like, you can make the password and verification visible by clicking on the **Eye** icon.

8. Don't forget to use a strong password and store it in a safe place.

The screenshot shows the 'Register' screen with a red header bar containing a back arrow and the title 'Register'. Below the header are three input fields, each with a red asterisk on the left. The first field contains 'Me tech' and is highlighted with a red rounded rectangle. The second field contains ten black dots and has an eye icon on the right; it is also highlighted with a red rounded rectangle. The third field contains 'Password123!' and has an eye icon on the right. A red arrow points from the text in step 6 to the first field. Another red arrow points from the text in step 7 to the second field. A third red arrow points from the text in step 7 to the eye icon in the third field.

Registering Hikvision Views

- 9. Then select a **Security Question** for identity verification
- 10. You will then be asked other questions that will allow Hikvision to send you a verification code and other system messages.

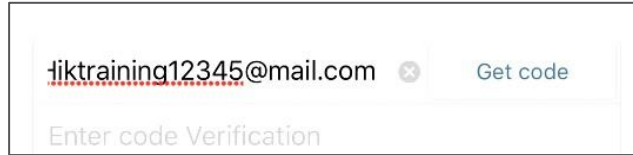

A registration form with a grey header. It contains three input fields: 'Me tech' with a red asterisk, a masked password field with a red asterisk and an eye icon, and 'Password123!' with a red asterisk and an eye icon. Below these is a section titled 'Please select a security question' with four radio button options: 'What do you like to eat?', 'What's your favorite plant?', 'What's your favorite country?' (which is selected), and 'What's your favorite dish?'. At the bottom are 'Cancel' and 'Submit' buttons.
