

7-INCH VALUE PTZ CAMERAS WITH COLORVU

Zoom in Vivid Color. Never miss important events, even in total darkness.

Hikvision's new PTZ Network Speed Dome Camera comes equipped with ColorVu technology for 24/7 full color video and images. It's available in three models: DS-2DE7A220MCG-EB 2 MP 20x, DS-2DE7A412MCG-EB 4 MP 12x, and DS-2DE7A812MCG-EB 8 MP 12x. It utilizes a 1/1.8-inch progressive scan CMOS chip. With respective 12x and 20x optical zoom lenses you gain crystal clear details across expansive areas. It also features AcuSense technology to bring human and vehicle target classification alarms to front and backend devices. Its focus on human and vehicle targets vastly improves alarm efficiency and effectiveness.

ColorVu

Conventional
